PREMIER COMMUNITY HEALTHCARE TO HOST ANNUAL CHILDREN'S DENTAL DAY ON FEBRUARY 20TH IN PASCO AND HERNANDO COUNTIES

Event includes free pediatric dental services to raise awareness of the importance of oral health during National Children's Dental Health Month

DADE CITY, Fla., Feb 13, 2023 – [Premier Community HealthCare](#) (Premier) will offer free pediatric dental services as part of their annual Children's Dental Day on February 20th 2023. The event coincides with February's National Children's Dental Health Month, which brings awareness to the importance of pediatric oral health.

"Dental disease is preventable, and it begins with education and early access. Our annual Children's Dental Day helps reduce the cost barrier to vital oral health services for kids." said Suzanne McEachron, Director of Dental Operations at Premier Community HealthCare Group.

"Poor oral health for children leads to unnecessary pain, speech impediments, decay, and gum disease. This event aims to connect children and families with a dental home as early as the baby's first tooth appears."

Premier offers pediatric dental services at six health centers across Pasco and Hernando counties. On Children's Dental Day, families will not pay any out-of-pocket costs for dental screenings, x-rays, cleanings, fluoride treatments, sealants, and fillings.

In addition to dental services, Premier will also provide games and educational activities about the importance of taking care of their teeth, and free giveaways and prizes on Children's Dental Day.

There are approximately 230 appointments available for children aged from 0 to 17. Limited walk-in slots are available; however, appointments are strongly recommended. To schedule an appointment, call 351-518-2000 or visit www.PremierHC.org
